PICKENS, S. C.:  
SATURDAY, MARCH 16 1907.

If the newspapers of the country had refused to publish the proceedings in the Thaw case, the case would have ended weeks ago.

If the man who works ten hours a day, wears overalls and a hickory shirt and his wife wears calico, how does it happen that the man who never works at all wears broadcloth and his wife wears silk?

Now, supposing that Rockefeller, and the other money kings, all the big corporations, trusts, etc., should decide that they were tired of being nagged, had money enough anyway, and "shut up shop"—what then?

A writer in the Philadelphia Press contends that gossip in the country towns is not nearly as prevalent as in the best social circles in the cities—nor is it so vicious. If it be true, may God help those who live in the cities.

The custom of treating is a silly custom. If a man feels like enjoying a cigar, he asks all his friends to "have one." But if he walks into the market to buy a pound of steak for breakfast, and should ask his friends to "have one," they would all feel insulted; but there is just as much sense in it.

Another one of those pleasant all day singings will be held at Rubenah church, two miles south of Liberty, on the 4th Sunday in March. Good speakers will be in attendance and everybody is invited. Don't forget to bring the song books. The singing will be conducted by Prof. P. C. Cartee.

What is a crank? He is a man who rides a different hobby from your own. As long as he agrees with you and falls into your way of thinking and does not antagonize your ideas in religion or politics, he is a good fellow; but if he has a mind of his own and the manhood to express his opinions he is a crank. When the farmer was content to do the plowing and the hoeing and let the professional politicians run the politics and the monopolies run the business of the country, he was not a crank or an ignoramus; but when he questions the right of others to rob him, the "dogs of war" are turned loose.

There is an undercurrent of feeling in every human breast to side with their children, especially in school affairs. This is all wrong. Parents have the privilege and it should be their duty to visit the schools and see how the teachers are doing and to render any assistance possible in any way to them. If your child has to be punished for infractions of the rules, uphold the teacher and send the child on to school. The teacher is human, he hates to administer corporal punishment, but has to do so, and your upholding the teacher may make a good citizen of your child, when by taking the part of the child you help him to become a criminal. A good school is what every community needs, and the more parents assist the teachers to keep a good school the better the community becomes. Pickens has a good school and a splendid principal and teachers, and it behooves the patrons to help to keep this condition up.

Gospel Mission Mass Meeting.  
Praters Creek Baptist church in conference agreed to hold a gospel mission mass meeting, embracing the fifth Sunday in March, beginning Friday, at 10 o'clock before, and invite all other Baptist churches and individuals who are in sympathy with or in favor of doing missionary work according to the gospel plan to meet with them to consult about mission work in a church and individual co-

operative way.

Devotional exercise to begin Friday, March 29, at 10 o'clock a m. conducted by W. C. Seaborn. Introductory sermon at 11 a. m., by Eld S. C. Owens, of Candler, N. C., and at 2 o'clock a lecture on missions, by Eld J. A. Scarboro, of Summit, Ga. On Sunday, preaching at 11 a. m. by Eld J. A. Scarboro.

The public are cordially invited to attend each service.

Those who will come by rail will please notify the undersigned, who will meet them with conveyances at Liberty or Pickens. They to designate which place and at what time to meet them.

W. C. SEABORN, Moderator.  
JASON ENTERTAIN, Clerk.

Echoes from Winthrop College.

Friday, Feb. 22d, was a holiday. In the morning a number of the girls went for a walk to the old Ebenezer cemetery and to the menagerie. In the afternoon all attended the senior class-tree planting. The exercises were pretty and interesting. After an address by the senior class president, the class-roll was called by means of appropriate quotations, each senior responding by placing a spadeful of earth at the root of their chosen tree—a pin-oak. The spade was then presented by the senior president to the president of the junior class, appropriate speeches being delivered by each.

Friday evening we had the third number of our star course. It was a lecture on Italy, with stereoscopic views, by Lawton Evans.

Opie Reed, humorist and author, was here Saturday evening. He delivered a fine lecture on "First one thing and then another." He kept everybody laughing, but beneath the humorous surface was much that was practical and beneficial. We have seldom enjoyed a finer entertainment.

Prof. A. O. Bauer, director of the music department, assisted by some of his pupils, gave a recital in the music hall Monday, the 26th ult. Prof. Bauer is a very fine pianist, and we always enjoy hearing him. The pupils also played well.

The girls now take great interest in basket-ball and tennis. Field day will be celebrated soon, and we are going to have a number of interesting exercises. The junior class now holds the college banner, which is to say they are champion basket-ball players. The Sophomore will attempt to wrest it from them this year. Here's hoping they won't succeed!

We are sending a large exhibit to the Jamestown Exposition. We have been doing a great deal of extra work, and we rejoice that it is about done. The same exhibit we are sending to Jamestown will be sent to the State Fair at Columbia. Our manual training exhibit is one of the most attractive on our list, though an abundance of examination papers and all kinds of class work will be sent.

LITTLE GIRL IN BLUE.

The Carey-Cothran Bill.

ED. SENTINEL:—The Bryce law, (which I was very much opposed to) is much preferable. Under that law we got a pro rata share of the profits from other counties that we could pay constable's fees and for educational purposes. But under the present law we are taxed to pay constables and to help pay city expenses of the sort that are caused by city crimes that are committed on account of whisky and don't get a cent of the profits.

As I have said before, the manufacture of whisky is the greatest industry the South can engage in. It would do away with the so-much-complained-of over-production of cotton. Then we would no longer need the so-called S. C. A. to meet and set the prices below what the product is already selling at, and away below the cost of production.

If the people want to be poor, get poorer and stay poorer, why don't they enact laws like some other Southern states, that will not allow any whisky made or sold only in cities with 20,000 inhabitants? This would drive booze out of the little towns and the country.

Go ahead, boys, maybe I can stand it if the rest of you can. I've got nearly a hundred bushels of peas I'm going to plant and sow part of which

## Fire Sale of Fine Shoes

Sale begins Tuesday, February 26th, and will continue until the entire lot is sold.

A large portion of our shoe stock was damaged by removal the night of the destruction of the Conyers Building. It was not damaged by either Fire, Smoke or Water but damaged in removal only to the extent that we cannot carry the goods in our regular stock. The damage is slight and the wearing quality is not affected. The lot includes shoes for men, women and children in all leathers and prices and the price we will put upon them will be a removal price because they must be sold. This is your opportunity to buy shoes of quality under value. Nothing charged, taken back, or sent on approval, during this sale. Remember, the sale begins Tuesday, February 26th.

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and one dollar sizes are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

is under hog wire fence. I aim to turn hogs in and have them gather them for me. I think that will beat breaking our backs in the sun picking cotton. M. W. HESTER.

## Many Orphans and Little Bread.

There are in the Thornwell Orphanage, located at Clinton, S. C., 240 orphan boys and girls, in the process of securing an education. These boys and girls are of all ages from six of age to 17 or 18. The older pupils by their zealous labors help to support and care for the young, putting in each day from four to six hours of steady work in the shops, farm and kitchen and about the same time daily on their books. In this way the cost of caring for the whole family is lessened by many thousand dollars. But the great majority of the children are very small, only a care instead of a help and must be aided in every way. The support of these children rests upon good men and women who love the orphans and freely aid them. Just at present, there is a special need and every gift be it of provisions or money will be promptly acknowledged. Every denomination in the state is represented among the children, but the institution is under Presbyterian control. All gifts should be sent to Wm. P. Jacobs, Clinton, S. C. Provisions, simply to Thornwell Orphanage, Clinton, S. C. It is suggested that in each community in the state, someone undertake to raise supplies for these children.

## A Card

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe cough and prevents pneumonia and consumption. Contains no opiates. The Genuine is in a yellow package. Refuse substitutes, Parkins Pharmacy, Liberty, and Pickens Drug Co.

## 100 LOTS FOR SALE.

The Griffin lands have been cut into lots and laid off in streets. They are level and well located and the sizes vary from one-half to five acres. This is a golden opportunity for you to own a home in the best town of the Piedmont. Real estate is advancing rapidly, but the prices on these lots have been made for quick sales. First come, first choice. For Plats, Prices and Terms see

J. McD. Bruce.

## NOTICE TO ROAD HANDS.

All persons liable to road duty who do not pay their road tax before the time expires will be required to work five days on the public roads under the direction of an overseer of the scrape. The county Commissioners will not employ any other overseers, but propose to work the roads with scrapes and hands who do not pay their road tax.
